

Dear *[Your child's name is written here]*

A Haitian Child Has Been Sent to School

in your name *by [your name will be written here]*

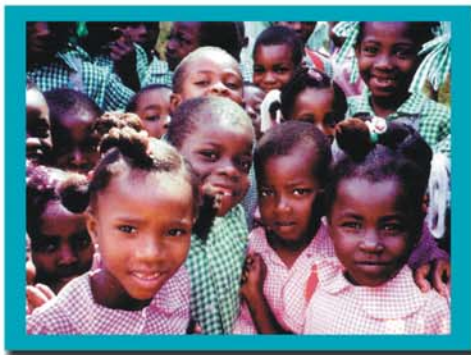

There are few more challenging places to have a healthy childhood than in Haiti. Thousands of Haitian children lead lives of daily struggle, and youngsters in rural areas lack even the most basic services, often walking for hours to reach the nearest health center or water source. Almost always, there are no schools.

Unlike the U.S. where K-12 education is free, parents in Haiti have to pay tuition to send children to school, and they simply can't afford it. About half of the kids go to school, and because of this, over 30% of Haitians can't read.

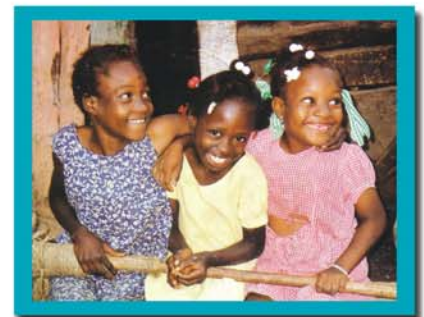

In Haiti, all kids dream of going to school because they understand the importance of an education and its role in helping them to rise above extreme poverty. The Haiti Project partners with St. Marc's School in Jeannette to make going to school a reality for over 700 children ages 3 and up.

Because someone in your life has sponsored a child in your name, that child can now go to school where children learn to become self-reliant, productive citizens in their communities. Because of your sponsorship, these children will receive:

- ✦ A qualified teacher and school supplies
- ✦ Nutritional assistance through daily vitamins
- ✦ Preventative and curative medical care
- ✦ Community programs for clean water & food
- ✦ A chance to hear about Christ's love
- ✦ A message that someone cares

You will receive yearly reports & photos of the child sponsored in your name, and you can even write that child a letter if you want.
